Computer Science student passionate about building intelligent and user-friendly applications. Experienced in Python, machine learning, and web development, with a strong focus on turning ideas into impactful solutions. Eager to contribute to innovative projects in AI and software development.

EDUCATION

Degree: - B.E. in Computer Science and Engineering
SRM Valliammai Engineering College, Tamil Nadu
CGPA: 8.75 (2022 – 2026)

J Jeya Matriculation Hr Sec School, Nagapattinam, Tamil Nadu
HSC (State board – Biomaths): 86.6% (2022)

J Jeya Matriculation Hr Sec School, Nagapattinam, Tamil Nadu
SSLC : 92.6% (2020)

PROJECTS

Immutable Digital Evidence Verification System Using Blockchain Technology (2026):

- Developed a blockchain-based digital evidence verification system ensuring tamper-proof storage, integrity, and secure chain of custody using SHA-256 hashing.

Secure and Transparent DNS Resolution using Blockchain (2025):

- Developed a secure and transparent DNS resolution system using blockchain technology to eliminate centralized control and ensure tamper-proof domain-to-IP mappings.

Pneumonia Detection using Deep Learning (2025):

- Developed a pneumonia detection model with Gradio, enabling real-time predictions from chest X-rays, Built using InceptionResNetV2.

Gym Website (2024):

- Tech Stack: HTML, CSS, JavaScript
- Developed and hosting a responsive gym website with a modern UI and mobile compatibility using GoDaddy hosting.

SKILLS

- Programming: Python, SQL, HTML, CSS.
- Tools & Platforms: GitHub, Website Launching & Hosting, Kaggle.

INTERNSHIP

- Completed an internship on **Python with AI and ML** at Polanzo Tech Solutions, Chennai -July 2024. Gained hands-on experience in basic machine learning concepts and Python-based model development.
- Completed an offline internship on **Artificial Intelligence** at Polenza Tech Solutions, Chennai - June 2025, gaining foundational knowledge in AI concepts and practical exposure to real-world applications.

CO CURRICULAR ACTIVITIES

- Organized two technical event as a leader and contributed as an organizer in two more technical events.
- Presented a paper on screenless display technology.

EXTRA CURRICULAR and LANGUAGES

- Extra Curricular : NSS Volunteer.
- Languages known : English, Tamil.
